Michaela Hruskova is a doctoral researcher in the triple-accredited Adam Smith Business School at the University of Glasgow. Her research interests focus on the topic of governance of entrepreneurial ecosystems and she is currently studying the role of various actors in developing, nurturing, and leading their local ecosystem. When she is not studying ecosystems, Michaela runs an award-winning chapter of Startup Grind University of Glasgow to educate, inspire, and connect entrepreneurially-minded students and staff.

Research Focus: entrepreneurial ecosystems, governance.

Sumita Sarma is Assistant Professor of Management at California State University, Bakersfield. Dr. Sarma has published in the Asia Pacific Journal of Management, Business Horizons, Entrepreneurship Research Journal, and Asia Pacific Journal of Marketing and Logistics on areas of firm-level strategies, entrepreneurial ecosystems, and entrepreneurship. Dr. Sarma is a member of the Academy of Management and has served as ad-hoc reviewer for multiple journals such as Research Policy, Journal of Small Business Management, Asian Pacific Journal of Marketing and Logistics, Asian Journal of Management Science and Applications, and proceedings for conferences such as Academy of Management, and USASBE.

Research Focus: Entrepreneurial ecosystem elements, new venture growth, societal attitudes.
