ABOUT SKEMA BUSINESS SCHOOL

SKEMA Business School, one of Europe's fastest growing business schools, is an EQUIS, AACSB and AMBA-accredited academic institution. It currently operates on five continents with campuses in France (Lille, Paris, Sophia Antipolis), China (Suzhou), Brazil (Belo Horizonte), USA (Raleigh – NC State campus) and South Africa (Stellenbosch – January 2020).

The school offers a wide range of management programs, taught in English and in French, at Bachelor, Master and Doctoral levels, as well as Executive Education. SKEMA is positioning itself as the leadership school, training the pioneer knowledge economy decision-makers throughout the world.

In pursuing its ambitious global project, SKEMA seeks to stay at the forefront of innovation and education. We are therefore looking for women and men who reflect the school's values: academic excellence, humanism and multiculturalism. SKEMA's Faculty comprises more than 170 Professors. Their expertise allows us to provide educational programs addressing the opportunities and challenges of a global environment. Structured around five research centers covering all major areas of business, and three Academies – Globalization, Innovation and Digitalization –, SKEMA offers great career opportunities for ambitious researchers.

ABOUT RESEARCH

The Research Centre KTO is empirically oriented, with a focus on Innovation, digitization and artificial intelligence. KTO Faculty aims at the highest standards of academic excellence and has published in top-tier journals such as the Review of Economics and Statistics, The RAND Journal of Economics, Organization Science, Strategic Management Journal, and Research Policy. KTO organizes regular research seminars on the three French campuses, hosts several international workshops and runs a PhD program in Management.

The Research Centre Strategy is a dynamic and fast-growing research group, whose purpose is to make a difference by generating critical world-class research on how to harness globalization and digitalization for a better world. We publish in high-quality academic journals including Research Policy, Journal of Development Economics, Journal of Economic Behaviour and Organization, Long Range Planning, and World Economy. The relevance of our research can be seen, beyond academic publications, through the development of innovative teaching methods and textbooks, participation to key conferences, involvement in industry events, consultancy projects for public and private entities, management of privately-funded Chairs, development of nowcasting estimates of global economic conditions, applications to large-scale research grants.

SKEMA Business School offers publication bonuses for peer-reviewed publications, following the French CNRS Journal Ranking list.
